Global Summit on

***BREAST AND
WOMEN'S
CANCER***

**JULY 12-13, 2023
PARIS, FRANCE & ONLINE**

ABOUT BREAST- WOMEN'S CANCER 2023

THEME: "Novel solutions to the greatest challenges in Breast and Women's Cancer"

After a successful Cancer Science 2022 and previous Oncology editions, we are back with the motto "**Novel solutions to the greatest challenges in Breast and Women's Cancer.**" Scholars Conferences cordially invites you to attend the prestigious **Scholars Global Summit on Breast and Women's Cancer (Breast-Women's Cancer 2023 Hybrid Event)** on **July 12-13 2023** in **Paris, France** and **Online**.

Our Approach:

Scholars Global Summit on Breast and Women's Cancer balances clinical, translational, and basic research, include **Keynote speeches** and **Invited speeches** given by forum for interaction, communication, and education for a broad spectrum of researchers, health professionals, and those with a special interest in Cancer related to women's health i.e., from the most common Women's cancer - Breast, Colorectal, Cervical, Ovarian, Uterine, Vaginal, Vulvar to the rarest fallopian tube cancer.

Our Objectives:

- To provide a platform for education, interaction and innovation
- To facilitate the Women's cancer related community especially on Breast Cancer to meet and discuss issues and challenges
- To update the community on recent concepts and results
- To review new information in order to integrate it into daily practice of the Oncologists.
- To promote academic skills in young specialists

Session Highlights:

- Epidemiology
- Genomic, epigenomic, proteomic, Metabolomic and transcriptomic profiles and their role in tumor formation
- Metabolism
- Screening & Diagnosis
- Therapy & Treatments (Immunotherapy and Antibody-based therapeutics)
- Metastasis
- The Immunological aspects in cancer patient

TENTATIVE AGENDA

THEME: "Frontiers in Nursing Research and Advanced Healthcare"
